Cats in Japan.
Cats in Japan almost universally short tails, says an authority, the cat comes into the world with its tail caudal appendage it is usually shed off, for the Japs detect a cat to make in the long tail and endure it.
Heart Disease.
Sixty-six per cent of those dying of heart disease are over sixty years of age.

Stetson University

Brief News Notes

Dr. Fariss returned home last Saturday after spending several days at Kissimmee where the Baptist convention was in session.

Messrs. Hall, Winsor, Duncan, Sams and Lyons spent Saturday afternoon at DeLeon Springs.

Mr. Wickersham has become a resident of Stetson Hall.

The basketball team returned home on Saturday morning after defeating Rollins College in their own gymnasium by a score of 14 to 13. The game was hotly contested from start to finish, and as the Stetson team had not really looked for success in this the first game, it was a double victory. The team is now hard at work getting ready to take the next game, which will be played here.

The new nets for batting practice have arrived, and have been put up on the Athletic Field. All candidates for the team should put in their spare time at batting practice as all selections will be made upon the basis of hitting. In order to defeat the other colleges, with their paid men and National League players, it will be necessary to put a team in the field that can safely hit all the time, and this can only be done by continual batting practice.

Another valuable principal has been laid down by the Bishop of the Junior

Law Class, namely, for a contract to be good it always must be valid.

C. H. Campbell and C. H. Jr., spent Saturday at DeLeon Springs duck hunting. Although they managed to kill only one coot, the time was not wasted as they found Messrs. Cox and Gauden calmly headed for the St. Johns river under the impression that they were returning to the spring, and were able to put them on the right track.

Misses Ingalls, Ashley and Brown and Messrs. Buck Walker and Oates spent Saturday at DeLeon Springs.

Prof. Dahlgren led Vesper Service on Sunday and also conducted the evening service at the Baptist church.

Mr. Peek of the Junior Law Class, to the sorrow of his many friends, has been forced to give up his work on account of the weakness of his eyes. He hopes, however, to return at some early date and complete his course in the Law Department.

The first accident since the founding of the Tec. School happened on Tuesday afternoon, when Ralph Broadwell of Palm Beach injured his hand severely. He was cutting a piece of wood on the circular rip saw and as he neared the end of the piece he took another stick and laid it against the piece he was cutting, so that his hands would not have to pass near the saw. When the saw struck the cross-grain of the second piece, it threw his hand into the saw and before he could get it away part of the thumb and the ends of three of the

fingers were severed. He was taken at once to Dr. Baerecke's room, and made as comfortable as possible. This accident was particularly unfortunate, as Broadwell was one of the best and most careful students in that department; in fact it was caused by his over carelessness. He has the sympathy of all the students and faculty, and we hope that he will not be forced to give up his work entirely.

The friends of Miss Rachel Ingalls are rejoicing in the fact that she has received a large box from Chicago filled with all kinds of dainties.

The basketball team and several of those who stayed up to welcome them, were taken down before Mayor Wood on Saturday morning, charged with breaking the peace by discharging firearms in the city limits. The mayor took into consideration the occasion of the celebration, and let them off with a lecture.

On Wednesday evening several of the young ladies entertained the basketball team and substitutes in the parlors of Chaudoin Hall, assisted by Dr. and Mrs. Fariss and Dean and Mrs. Sears. A very enjoyable evening was spent, and made up for the disagreeable experience of last Saturday.

The Stetson baseball team will play its first game of the season against Ormond on the 25th of the month at Ormond. A party is being arranged to accompany the boys on the trip.

Messrs. Brown and Jones have moved from the first to the second floor of East Hall.

The great question in Chaudoin Hall now is "Who left that light burning?"

Don't forget that the Swiss Bell Ringers will be here next week.

DRUGS

JEWELRY
